

# Installation Instructions for Software and USB Driver

## Note: Install the software before plugging in the USB hardware

# These instructions cover Windows XP Service Pack 2. Other versions of windows are similar but may vary slightly.

- Run the setup program and follow the instructions.
- If you do not have Microsoft .Net framework installed a copy is on the CD: "dotnetfx.exe"
- Once the software has been installed, plug in the Durametric diagnostic adapter
- If you are using Windows XP (SP2) you will see the following screen

Found New Hardware Wizard		
	Welcome to the Found New Hardware Wizard Windows will search for current and updated software by looking on your computer, on the hardware installation CD, or on the Windows Update Web site (with your permission). Read our privacy policy	
	Can Windows connect to Windows Update to search for software? Yes, this time only Yes, now and givery time I connect a device No, not this time Click Next to continue.	
< <u>Back</u> <u>N</u> ext > Cancel		

• Choose "Not at this time" then click "Next"

•

Found New Hardware Wizard		
	This wizard helps you install software for: Durametric Diagnostic USB If your hardware came with an installation CD or floppy disk, insert it now. What do you want the wizard to do? Material the software automatically (Recommended) Install the software automatically (Recommended) Install from a list or specific location (Advanced) Click Next to continue.	
	< <u>B</u> ack <u>N</u> ext > Cancel	

• Choose "Install from a list or a specific location" then click "Next"

Found New Hardware Wizard		
Please choose your search and installation options.		
<ul> <li>Search for the best driver in these locations.</li> <li>Use the check boxes below to limit or expand the default search, which includes local paths and removable media. The best driver found will be installed.</li> <li>Search removable media (floppy, CD-ROM)</li> <li>Include this location in the search:</li> </ul>		
C:\Program Files\Durametric		
Choose this option to select the device driver from a list. Windows does not guarantee that the driver you choose will be the best match for your hardware.		
< <u>B</u> ack <u>N</u> ext > Cancel		

- Select search for the best driver in these locations and check the box "Include this location in the search". Uncheck "Search removable media"
- Click Browse and select the install directory (usually "C:\Program Files\Durametric")

Browse For Folder	? 🗙
Select the folder that contains drivers for your hard	lware.

• Click "OK" then "Next", and you will see the files installing

Hardware Installation	
	The software you are installing for this hardware: Durametric Diagnostic USB has not passed Windows Logo testing to verify its compatibility with Windows XP. (Tell me why this testing is important.) Continuing your installation of this software may impair or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing.
	Continue Anyway

- Choose "Continue Anyway"
- Click "Finish"
- Plug the diagnostic cable into the car
- Make sure the Key is turned to the ON position (the car does not need to be running)
- There should now be a green light on the adapter

• The program is now ready to use
